Conflict Minerals Compliance Statement

The U.S. Securities and Exchange Commission (SEC) regulates the supply chains of Conflict Minerals, which are Cassiterite (Tin), Columbite-tantalite (Tantalum), Wolframite (Tungsten) and Gold from mines in the Democratic Republic of Congo or adjoining countries.

Accurate Manufactured Products Group (AMPG) is not a publicly traded company but we are committed to supporting the regulation by sourcing responsibly. Based on our knowledge, there are no Conflict Minerals intentionally added to our products, and we will provide necessary documents for all traceable materials.

For more information about the Conflict Minerals regulations, please visit the official website of the SEC - <https://www.sec.gov/>.

Sincerely,

AMPG Quality Team
